LIKES ANDERSON VERY BEST OF ALL

Wigfall Cheatham, of Edgefield, Writes Of His Visit To This City

Among the visitors who came to Anderson from Chick Springs to attend the State Press Association meeting was L. Wigfall Cheatham, editor of the Edgefield Chronicle. This is the paper illustrative in by gone years because of the fact that it had for editor the late Col. Jas. T. Bacon. Mr. Cheatham is a nephew of Col. Bacon and has kept the paper up to its interesting high standard.

Of his visit to Anderson he has the following interesting statement in his last issue:

"The last day of the Association's meet was spent in the best town in South Carolina or any other state. We refer to Anderson, whose ever lasting slogan is 'My Town.' Friends conducted us over the recently constructed and superior interurban railway. We were taken then to the handsome newly finished 'Anderson College for Women.' This magnificent apartment and equipped college was a revelation to us. At tremendous cost these Anderson people have established this excellent seat of learning and the money was raised right in the town, and no sign of debt hangs over it."

"We inspected the whole building in all its departments, and its modern and thoroughly up-to-date appointments will equal anything in this latitude. The college corps and citizens generally sat us down to a luncheon in the dining room that was fully up to the standard with the Anderson spirit of quantity and quality. The building up of this town is marvelous to behold and to have related to you. Twenty-six new store buildings are being rushed up, besides many residences and enterprises of varied kinds. Road improvements and enlargements bespeak a wonderful growth for 'My Town.' It is satisfying to find who had never been to Anderson to realize that such a municipality is within our state border."

Uniform Rank, K. of P.

May Meet Militia.

Columbus, O., July 18.—Officers of two regiments of the Ohio National Guard last night received unofficial orders to be in readiness to go to Belmont if the sheriff of Belmont county continues to be unable to enforce order among striking miners who have been rioting for a week under leadership of industrial workers of the World agitators. Early today the sheriff wired Gov. Cox 500 soldiers would be necessary to preserve the peace.

Gov. Cox will not send troops, however, until county civil authorities have exhausted further means to quell riots. State officials last night expressed the belief that the situation will become quiet.

Gov. Cox today declared Belmont county authorities had made no serious effort to stop rioting.

CAPT. GRANT HERE

Former Anderson Attorney and Family on Visit.

Capt. Jesse S. Grant, formerly an Anderson attorney, but now of Oklahoma City, Okla., accompanied by his family is here visiting his wife's people. Capt. Grant married Miss Lillie Fant, daughter of the late George Fant.

When the war with Spain broke out Capt. Grant raised a company of Anderson boys and offered his services to his country. When the election of officers took place, Capt. Grant was offered the captaincy, which he declined, but agreed to accept the first lieutenantcy. Capt. H. H. Watkins was offered and accepted the command of the company. On the death of Col. Alston, Lieut. Col. James H. Tillman, took command of the regiment, causing two vacancies in the line of officers, resulting in the promotion of Lieutenant Grant to regimental adjutant with the rank of captain.

Capt. Grant later went to the Philippines as an officer and was made governor of Leyte, one of the large islands. Several years later he returned to the state and settled in Oklahoma, where he is now general counsel for one of the big railroads.

WEST MARKET STREET DRAIN

Capt. Anderson Coming to City to See City About It.

Capt. A. W. Anderson, general manager of the Charleston and Western Carolina railway, will come to Anderson Tuesday evening at 7:10 o'clock, coming over the interurban from Greenwood. He will hold a conference with the city council at 8 o'clock at the city hall and will depart on the 9:45 interurban for Augusta. He asked for the conference to be held on Wednesday, but because Mayor Holliman and some members of the council will not be here then the meeting was pushed up for Tuesday night. Capt. Anderson indicated that he and members of his party could be here for a couple of hours then.

The meeting tonight is with regard to the drain matter on West Market street. It is understood that terminal improvements will be commenced by the railway company just as soon as the drain matter is disposed of. This will probably be disposed of finally tonight and it is reasonable to suppose that the construction of tracks, etc., will be begun in the next few days.

THE THORNWELL ORPHANAGE

Good Work of Mr. C. C. Langston Much Appreciated.

In response to an urgent appeal for help from the Thornwell Orphanage at Clinton, S. C., C. C. Langston recently circulated among his friends in the city and secured fifty dollars in money contributions, which he at once forwarded to Rev. W. P. Jacobs, D. D., the worthy and energetic president of the orphanage. The July issue of Our Monthly, a bright and interesting magazine published at the orphanage, in speaking of Mr. Langston's good work says:

"We have a noble friend in our good and clever brother, C. C. Langston, of Anderson. We first made his acquaintance as a member of the South Carolina Press Association; that was when he was editor of the Anderson Intelligencer. We did not know then, though we soon found it out, that he was not only a staunch Presbyterian but was also a staunch friend of the Thornwell Orphanage. And he has shown it after year for year, when we get into a tight place, Mr. Langston is sure to get out in the streets and start with a subscription list to secure anywhere from fifty to a hundred and fifty dollars for us, which also speaks well for Anderson. We wish we had more such friends. But we are glad to have this one."

A MILL SUPERINTENDENT NOW

An Anderson Boy Who Was Reared at Thornwell Orphanage.

The following from "Our Monthly," published at the Thornwell Orphanage, Clinton, will be of interest in Anderson. The Mr. Carpenter referred to is a son of the late J. B. Carpenter and has many relatives in the city and county who will be pleased to learn of his success:

"We were busy at our desk on the pseudo Fourth of July morning, when a stout, healthy clear faced man stepped in and announced himself as Wm. A. Carpenter, of Hartsville. We were mightily glad to see him. A fine looking man he is and his three little boys reminded us wonderfully of Will and Jim and John when they first came to the Thornwell Orphanage."

"Mr. Carpenter tells us that he is superintendent of the Hartsville cotton mill, a position of honor, emolument and business opportunity. We are indeed glad to know that he has made good, like all the other Thornwell boys of his day and time. He did not fail to leave a contribution for the orphanage, which is quite a habit among the Thornwell boys and girls. Well, like his brothers, he is fine looking, and has the appearance and manner of one who is living the straight life."

Married.

Mr. L. H. Campbell and Miss Lizzie Stagg were married at Belton on Sunday afternoon. The ceremony was performed by Rev. S. B. White.

A GOOD MAN BACK IN ANDERSON

H. B. Harper, Popular Clothing Man, Again With R. O. Evans & Co.

H. B. Harper is again with R. O. Evans & Co., having gone to work there Monday morning. Mr. Harper is perhaps one of the most popular clothing salesmen in the city and his friends, who are scattered all over the county, will be pleased to learn that he is again identified with this popular establishment.

Mr. Harper goes in as an addition to the already very clever salesforce at Evans' the business, as the fall season approaches, being too heavy for the present force to handle with the dispatch demanded by the management.

TO CENSOR MOVIES

Bill Introduced by Congressman Hughes, of Georgia.

Atlanta, July 20.—The bill recently in the national house of representatives by Congressman Dudley H. Hughes to establish a national censorship on motion picture shows, is receiving endorsement of a number of organizations interested in the welfare of children.

One well known civic organization of Atlanta has issued a petition urging the passage of the bill and highly commending Mr. Hughes for his idea. It shows that the only censorship now in effect and does not prevent the shipping into Georgia of films.

Mr. Hughes' bill provides for the creation of a new division of the bureau of education to be known as the Federal Motion Picture Commission and defining its duties. The commission is empowered to appoint deputies and other assistants, and shall license all films intended for public display unless it finds that such films are obscene, indecent, immoral, inhuman or depict a bull fight or prize or is of such character that it would tend to impair the health or corrupt the morals of children or adults or incite to crime. Penalties are provided for violation of the law.

With the growth of the motion picture industry there has sprung up a great demand for some regulation of the exhibitions. Children, without their parents, are constantly seeing in the cities pictures which are far worse than the dime novels which once were so vigorously denounced.

CRUELTY TO ANIMALS.

Railroads Fined Heavily for Not Caring for Live Stock.

Chicago, July 18.—Eight roads were fined an aggregate of \$50,000 today by Federal Judge Landis for violating the law providing that live stock in transit must be fed and watered once every 24 hours.

FISHING TALES.

Hailel, Fishing party couldn't come in from Portman and had to stay overnight. Frank Reed kicked like a steer. He insisted on coming home. About daybreak, seemed about middle of night, bell rang. Blair Crayton called out to Bond Anderson to answer the phone. Frank Reed greatly excited. "Is there a phone here? Let me get to it." No phone—alarm clock. Tableau.

Another fishing trip. Feaster Tribble leaning against a tree sound asleep. Line dangling in water. Suddenly bell tapped. Feaster awoke, yanked the pole and out of the water came line with captive fish. Very simple. Every fish that took the bait pulled line, rang bell, bell awakened F. V. Every fish in the river rang the bell. Short on sleep.

MR. POLLOCK WILL NOT AT PELZER

Greenville, July 25.—W. P. Pollock, candidate for the United States senate will not speak at Pelzer as announced. Mr. Pollock was to have spoken there but during the melee at the city park Saturday he lost his "calico" ticket and has gone to Cheraw to secure another. This ticket created considerable interest at the speaking Saturday and is considered one of Mr. Pollock's strongest points.

SMITH WILL RECEIVE OVATION AT LAURENS.

Will Ride Upon Bile of Cotton That Was Ginned in 1862.

Laurens, July 20.—The senatorial speaking Wednesday will complete the canvass of the state and it is expected that the candidates will be greeted by a tremendous crowd. The meeting will be held at Holmes Springs, on East Main street. Ample preparation has been made for the accommodation of the speakers and the crowd, hundreds of benches having the past week been placed in the park and the speakers' stand overhauled.

In connection with the campaign meeting a rather unique honor is to be Smith. As now planned Senator accorded United States Senator E. D. Smith will ride at the head of a procession from the public square to the park on a gaily decked wagon on which will be mounted a bale of cotton that was grown in this county during the war between the section. It was ginned by Mr. Henry Thompson, a farmer of Cross Hill township, in 1862 and is now the property of Mr. Thompson's grandson, Mr. Robert Hall Fleming of this city. It was ginned and packed with an old fashioned horsepower gin and hand press and bound with ropes. Eleven years ago it was repacked with new bagging and steel ties and then placed in a bonded warehouse in this city, where it has since remained. The bale weighs 430 pounds and is well preserved and of very good grade. It is said to be the oldest bale of cotton in existence and requests for samples of the staple have come from many quarters of the globe since the publication a few years ago of its existence. Primarily the demonstration is intended as an honor to Senator Smith for the long and incessant fight he has made in behalf of the farmers' main product, and also to show to the world the practicability of storing and preserving the staple.

It has been suggested that the team will draw the wagon the ancient bale of cotton and the county's distinguished guest on this occasion, be four home raised mules and the wagon itself be a Laurens county product. Three prominent farmers compose the committee of arrangements—Thos. M. Shaw, W. D. Byrd and Glenn A. Fuller.

TELEPHONE BLOCK SERVICE.

To be Installed by the Southern on Its Macon Division.

Atlanta, July 20.—Southern Railway is preparing to install a telephone block system to take the place of the telegraph system now in use on the Atlanta division between Macon, Ga., and Ooltowah, Tenn., a distance of 225 miles and part of the route of the Southern Railway's through train between the West and Florida.

The present telegraph block system consists of two wires and each office will be equipped with one bell on the north block and one bell on the south block with the telephone, so installed that it can be connected with either.

The lines will be so arranged at the offices that when a block office is closed the line can be cut through it.

The wires used for the telephone block will be also used for a telegraph circuit from Atlanta to Macon and for another circuit from Atlanta to Ooltowah into Chattanooga. In order to take care of the heavy Florida traffic last winter telephone block was put in operation between Bacon and Jesup and was found so satisfactory that it has now been decided to extend the system over the line between Ooltowah and Jesup. The new system will be put in effect as soon as the change can be made.

ARMY WORM IS DOING CONSIDERABLE HARM.

Philadelphia, July 20.—The army worm has arrived in Philadelphia. Fairmount Park is in danger, as are the smaller parks and innumerable beautiful lawns in the city and suburbs.

The first worm appeared in Germantown yesterday on the lawn of Mrs. Harry McCall. This morning the square between School lane and Coulter street on Green street was completely covered by the worms.

Throughout Gloucester county and in other parts of New Jersey the worm has been doing deadly work in corn fields, hay fields and potato patches. A dozen lawns in the heart of Woodbury were destroyed. In Pennsylvania the worm has ravaged Berks, York, Lebanon and Dauphin counties and farmers are fighting the destructive pest.

The president's plan was communicated in a statement by Secretary Bryan which gave the following analysis of the general purposes of the treaties:

MARINES MAY YET BE CALLED UPON

Revolution in Dominican Republic Assumes a Very Serious Turn

Washington, July 18.—While President Bordas, of the Dominican republic, with his scanty army is besieging the northern rebels at Puerto Plata, his hold upon the capital, San Domingo City, in the south, is weakening according to dispatches received.

According to today's advices to the state department, the southern insurgents already are in a position to dictate terms which may mean abdication or flight for Bordas.

American Charge d'Affaires White, in the absence of Minister Sullivan, is trying to prevent a clash near the capital, as it would be disastrous to foreigners and the many non-combatants.

HAVEN FOR DESERTERS

Richmond Police Won't Arrest Deserters Until Lieutenant Apologizes.

(By Associated Press.)

N., in police court, that Richmond police would never arrest another deserter until the lieutenant's charge to Governor Stuart that sailors on leave were "hounded" here was withdrawn and apology offered.
